A TIME TO HATE

The Nature of the Enemy

The religious types will tell you that we are in a battle between God and the devil, but they are hard put to explain how come such vast numbers of religious people and preachers are over there on the side of the DEVIL.

The reactionaries will tell you that we are divided over economic issues--"capitalism" versus "Communism"--although these "experts" have to sit up nights trying to explain how most of our big millionaires and big foundations are busily putting up most of their CAPITAL to support Communism.

The Welchers will tell you that it is a battle between those who are for more "individual freedom and less government" against the "big government" crowd, although these Birchers are tongue-tied when you point out that the problem in our streets and all over the country is that too many people on the wrong side of things have too MUCH freedom, to rape, rob, loot, riot and "demonstrate", while the supposedly "too-big" government will do nothing.

The pseudo-intellectual "Nazis" who scorn use of the name will tell you that the problem is with the "culture distorter" versus those who are FOR "culture"--although there is a big hole in this "culture" cult--some of the finest of our RACE back in the hills have no "culture" at all, but are nevertheless our people, while many of the most cultured patrons of the "arts" are the vilest Jews imaginable.

There are the mostly Southern "states'-righters" versus the nasty "Federal Government", although the only reason the "states'-righters" so vehemently hate the "Federal Government" is because it is currently in the hands of nigger-lovers and Reds. If George Wallace were president, they would be 100% for use of Federal power to reimpose segregation.

I could name plenty more of these phony divisions by shallow thinkers or cowards on our side, but these ought to be enough to establish the principle.

To see the TRUTH behind all these euphemisms, and all like them, all one has to do is attend two meetings: one, a rightwing meeting, regardless of what kind; and two, a leftwing meeting.

At the rightwing meeting you will see NICE people, good-looking people, OUR kind of people. To be sure, some of them, individually, will be ugly or dissipated or otherwise unattractive, but the participants will be mostly White Christians, or at least people racially similar to US.

At the leftwing meeting, you will see swarms of ALIEN people--Jews, niggers and mongrels of all sorts. They will be RACIALLY repulsive, in many cases, unlike some of our people who are individually ugly or dissipated, etc.

The glaring fact, which all of the "nice" rightwing so assiduously covers up, is that this is not a war of ideas, money, principles or politics, but an old-fashioned, naked confrontation between two tribes; between "US", and "THEM".

We have something. They want it. They are taking it. The rightwing, like a helpless man in a nightmare, is gurgling inarticulately trying to keep "them" from taking it away, without being able to move or even yell effectively. In fact, in most cases, our side doesn't even dare complain about "them", and keeps pretending they are not "against" anything--only "for" the "Constitution", etc.

The commercial Jew agitator of the niggers, Saul Alinsky, recently spoke in a church (!) here. I went and heard him. He didn't play any games or try to hide it; he openly said to his side what I am saying to mine.

"Machiavelli wrote a book telling the 'haves' how to keep what they have", he sneered to the mob of Jews and niggers in that church, "well I am teaching the 'have-nots' how to take it away."

In the days of Ghenghis Khan, nobody bothered to pretend, as they do today; nobody dressed up the ancient battle for plunder and territory with fancy names or disguised it as "ideas". Nobody tried to pretend it was a "battle for men's minds". They came out of the East, the yellow Huns, with their bloody swords, axes and clubs, and drove into the heart of Europe, killing the men, taking the

women, plundering the wealth and generally acting in the immemorial manner of that predator of all predators, MAN!

Only the BETTER men in Germany were finally able to stop these savage, alien, yellow terrors and drive them back into Asia. In fact, the ancient Nordic word for "Germans", still preserved in the Icelandic language (which I speak), is "Thodhverdhur"--which, translated literally, means "People's Defenders".

Once again, the savage colored hordes are terrorizing the earth, and threatening to unite with the fearsome technological weapons of the White Man to rape, rob, loot, plunder, murder and enslave in such an orgy of carnage and cruelty as has never been dreamed of on this planet. The Jews have let this terrible dark genie out of the bottle to "use" him as their army in their mad dreams of "peaceful" conquest of the earth, according to their paranoiac "prophecy" as the "chosen people".

Germany, as in days of old, rose up and almost had this horror stopped, when the Hebraic brotherhood here in the USA got their stooge Roosevelt and his stooge Churchill to use all the rest of us to smash our WHITE BROTHERS who stood between us and the colored hordes.

The battle is now for possession of the whole planet, and the hordes of Ghenghis Khan have almost WON. From Africa, India and Asia they are coming like a plague of poisonous locusts.

In the name of sanity and survival, how much longer will our cowardly and short-sighted "right-wing" leaders pretend that there is no such thing as the enemy--that we "hate" no one, but only oppose this or that "idea"?

Hell, the enemy is out in the streets in his millions, throwing molotov cocktails and killing us, under the open direction of Jew generals, like Leo Rosen of Progressive Labor.

You can be sure that the mighty White Men who stopped Ghenghis Khan did so without any sickening pap about not hating him, and they sure as hell made no secret of who the enemy was.

It's time to name the nigger, Jew and alien enemy which is murdering us and planning to take us, in the ancient manner. It's time to HATE the filthy bastards, hotly, passionately and poisonously, so that we can love our own people and so that we can fight as our fathers fought!

If, in these last hours before Armageddon, the best "leaders" we can produce are too chicken even to mention the enemy, and are busy smearing anybody who does, just to ingratiate themselves with that same terrorist enemy--then what hope have we to survive?

I can tell you my answer: the WORKING PEOPLE--the rough, uncultured and maybe even ignorant "common men" who have so long been the exclusive possession of demagogues like Roosevelt and Johnson.

The millions of ordinary American White Men have had niggers, Jews and creeps up to here, and given just a little heroic leadership, they will do as their German forbears did so long ago to the colored terrorists of Ghenghis Khan.

Last time the alien enemy got stopped in Germany. This time, we helped the Jews wipe out that German bastion of our race, and now only America remains. But it is enough.

Before we can fight, we must first sweep into the ashcan of history the fakers and cowards who are raking in cash for their theatrical posing as our champions, even while they are crawling around the yellow feet of the Yiddish masters of the hordes of the East and Africa.

The fight is not between Christians and the devil, between capitalists and Communists, between conservatives and liberals, between states' righters and Big Government or left and right; the fight is between OUR PEOPLE, and THEM.

And if you want to know who "they" are, and who to HATE, just take a look next time there is a civil rights or peace-creep march in your area, and see the SCUM leading it.

You will see some of them carrying ENEMY, Vietcong flags, the flag of the same yellow Asiatic hordes once repelled by the German defenders who whipped Ghenghis Khan. And since WHEN is it bad or wrong to HATE THE ENEMY?

They mean to KILL or enslave you, White Man, and lots of them make no bones about it. They are getting READY for it, almost openly.

And what are YOU doing?

Black Terror

How I wish some of the mushy-headed nigger-loving conservatives could have been with me last night when I spoke to a group of revolutionary, D. C. college coons.

I was invited to speak to the collegiate "Burning Bush" club, and accepted without knowledge that it was mostly a nigger outfit. They gave me an address which turned out to be in an ex-store-

front church in the heart of black Washington.

Once I walked into that mob, I was not ABOUT to back out, or crawl out, as I would have had to have done. So I spent about two hours speaking to them and answering their questions--or rather, defending myself from their bitter jabs. Several times, particularly when one nigger girl got up and read the contents of the entire "Boat Ticket to Africa, it was nip and tuck whether we'd get out of there alive. But I managed to keep that black mob sufficiently interested in what would happen next to sit still, until we left.

But I wouldn't have missed the experience for anything. Unfortunately, my tape recorder failed to function, or I would ask all our people to be sure to hear what happened.

Those Black youths made no secret of their plans to seize America by violence and bloodshed.

The ONLY thing I said with which they agreed was that America would NEVER give them the kind of "equality" they wanted--which they made clear included our women--and that they would have to "take" it with GUNS.

"We're gathering the guns!" one of them snarled at me.

And they are.

These college trained blacks, endlessly agitated by the Jews, like Bettina Aptheker, Leo Rosen of Progressive Labor and the "Militant" gang, are openly preparing a revolution of force and bloodshed, AS SOON AS THEY ARE READY.

Meanwhile, the disgusting cowards and sissies on my side (which is almost all of it except the Klan) are still preaching "The Truth Will Make Us Free", and writing letters, getting up petitions and new "schemes" to "do it"--none of them involving even naming the enemy.

As I dictate this--as you read these words--the millions of "nice" people on my own side are playing an incredible game of "I've-got-my-eyes-closed". Almost none of them, again with the exception of the Klan, have the nerve to NAME THE ENEMY. And even the Klan covers up some of the naked truth about the PEOPLE we are fighting. In fact, there are as many explanations of the nature of the "enemy" as there are rightwing leaders.

Goldfink's Latest

It may be beating a dead-horse, but I cannot resist reminding the Goldfink-lovers of all the new signs which prove that Goldfink was and is exacly the Judas-goat we predicted so many times.

The latest is Goldfink's support for the radical leftist nigger attorney-general of Massachusetts, Edward Brooke.

Brooke has belonged to commie fronts, just like Jew Javitts (whom Goldfink ALSO supported), and makes no secret of his sympathy with the Black and Vietnik Revolution.

GOLDWATER'S OFFER TAKEN UP BY BROOKE

WASHINGTON (AP)—Atty. Gen. Edward W. Brooke of Massachusetts has been offered a contribution for his senatorial campaign by Barry Goldwater, Republican candidate for the Presidency in 1964.

Brooke, visiting here Saturday, said the former Arizona senator wrote him after he announced his candidacy for the Republican nomination for senator from Massachusetts in January.

"I thought this testified to the bigness of the man," Brooke said. "I told him of course I would accept."

Brooke opposed Goldwater's Presidential candidacy in 1964.

In fact, Brooke is SO far over there to the left, that even this nigger was surprised when Goldfink offered his Jew support and money to elect one more nigger to our Congress. Since Goldwater is giving money to elect Brooke, all those who supported Goldfink, may now consider the fact that their hero is turning THEIR money over to this black member of everything ugly and un-"conservative".

Jew St. George

The folks who took such umbrage at my acceptance of a Jew attorney in New York City, after 23 other lawyers scorned us, might take some comfort in the reaction in the Jew papers.

Here's a cartoon from one of the Hebe papers in New York City, The "Jew Press", showing me as a fire-breathing dragon, the Jews of the world as an innocent and beautiful princess (!) --in fact, (!!!), ---and poor Martin Berger, my Jewish lawyer, as

"St. George", defending me, (the dragon), from the poor, innocent Yiddischer princess!

Berger has lost more than half of his law practise, and has a hard time being civil to me. I really and truly feel sorry for this guy! He has to LIVE up there on the lower east side of New York City, and I saw the hot HATE they poured out on him for defending me!

Maybe it's bad politics to admit it, but I would defend him, if our positions were reversed. It is absolutely and literally true that he saved me from a terrible beating down there in the Tombs, and very probably saved my life.

I would have to be the rotten beast the Jews claim I am were I not grateful, and I would have to be inhuman not to feel sympathy for him when I see the same Jew mob which tries to murder me, also trying to give him the same dose.

How I wish I could dump those who so freely curse me for accepting the ONLY help I could get up there in Jew-occupied New York into MY shoes facing that New York City night court!

This Is Chivalry?

In Praise of Fanatics

The Jews have developed one of the smartest magic tricks with words ever discovered.

With their enormous control of public media of information, entertainment and education, they either make up a word like "McCarthyism" and then use Pavlovian techniques to make the average man react to that word like a mad bull at a red rag--or they take a good, useful, ordinary word like "fanatic" and apply the same Pavlovian techniques until the average man would rather be called a "rat" or a "louse" than a "fanatic".

EVERY MAN IN HISTORY WHO EVER ACCOMPLISHED ANYTHING WAS A "FANATIC".

Alexander the Great was a "fanatic" about conquering everything in sight. Ordinary folks aren't; but then, ordinary folks don't conquer continents, or even counties.

Socrates was a "fanatic" who drank poison rather than recant his beliefs, and he is honored for this fanatical philosophical courage and determination. Ordinary folks don't believe anything strongly enough to drink a dose of cyanide rather than pretend, at least, to recant.

Galileo was a "fanatic" who refused to agree with all the rest of mankind that the world was flat and in the center of the universe. So all the rest of mankind threw this brilliant "fanatic" in prison. All the ordinary, non-fanatics of the time "knew better".

Columbus was a "fanatic" who believed he could sail west without falling off the world.

The Wright brothers were "fanatics" who believed that heavier-than-air machines could fly, when all ordinary men knew better, and even scientists were "proving" that it was "impossible".

So was Pasteur a "fanatic".

So was EVERY SINGLE HUMAN WHO FOUGHT FOR AND WON ANY GREAT ADVANCE.

The Jews want a vast herd of SHEEP who will not resist. Without some "fanatics" among us, we ARE a vast herd of sheep.

To FIGHT--to fight with the kind of ferocity and spunk which WINS--you've GOT to be a "fanatic" for your cause. Who can fight to the death for an idea he doesn't really believe in with all his heart?

A "fanatic" LOVES HIS PRINCIPLES AND OWN SIDE MORE THAN HIS LIFE.

And that enormous, overflowing love is the elementary stuff of IDEALISM, selflessness and sacrifice.

Love of a fanatically held ideal established Christianity, the American Republic and everything great in Western Civilization. Thousands of men and women DIED for everything we treasure, and EVERY ONE OF THOSE MEN AND WOMEN, TODAY, WOULD HAVE BEEN BRANDED AS A "FANATIC".

America desperately needs some "fanatical" White, Christian Americans--not Birchers, not Hoggisites or flag-wavers--but fired-up, death-defying, flaming FIGHTERS--"fanatics" like our forefathers.

Such men will also be called, inevitably, "haters", because they will be unable to feel calm and "tolerant" of men and organizations dedicated to destroy and rape that which they love.

I am openly working every moment to make millions of Americans into White "fanatics", ready to die before they will see our White, Christian American Republic torn down one little bit more by a gang of filthy Jews, niggers, traitors and plain scum. If we cannot succeed in this purpose, America will cease to exist.

God made every one of His creatures a "fanatic" on the subject of it's own survival, and the survival of its own family or tribe. When any of those creatures permit themselves to be brain-washed and terrorized by a gang of bow-legged, ugly Jews into believing that it is their duty to avoid being a "fanatic" and turn over not only themselves, but their families, their nations and their whole civilization to a gang of predators and savages, as White Christians are now doing, those creatures are marked for extermination and oblivion.

It is time for Americans to quit being so damnably half-hearted about surviving, and become all-out, raging FANATICS on behalf of the civilization, justice, wealth and mastery of lesser races won for us by our fanatical White forebears.

And that is precisely what a "Nazi" IS--a "fanatic" about the survival of White, Western Christian Civilization.

And that is also precisely what the Jews hate about "Nazis" so much. The rest of White civilization is tamely submitting to their Jewish rape and extermination. Nazis FIGHT. We are "fanatics", and damned proud of it.

Sooner or later, so help me God, I will "fa--naticize" enough of my fellow White Men, so that we will lay low the miserable rabble which is now running wild over our country and our beloved people, calling all who dare oppose them--"fanatics".

Jew Art By Rockwell

Readers of my book, "This Time the World", will recall an experience I detailed with the promoters of "Communist" "art" when I was attending Pratt Institute in New York, and they tried their best to teach me that good drawing and design were "corny", while everything wild and crazy (and Jewish) was "art".

I mentioned one course in "design" where the whole year's project was the production of a master-piece mural, which they insisted be in the typical "Communist" tradition of abstraction and distortion of "workers" and peasants being exploited, etc.

Another student named George Olson and I, who were capable of doing real design and drawing, were utterly disgusted and repelled by this foul course in artistic perversion and depravity. We sneaked out of the classes every day and avoided turning in our "masterpiece" murals until the very end. Then, when it was either produce some commie "art" or get kicked out, I spent one evening producing the VILEST mess of garbage I could concoct. First I traced my foot, then my little baby's behind, around which I wove designs of machines and the ever-present "workers", etc. For color, in one case, I actually used some "baby-yellow" from a diaper, and did everything else to express graphically my total contempt for such Jewish perversion of "art".

Believe it or not, this madness took a high grade, and much praise from the asinine "professor", while George Olson and I were suffocating with suppressed laughter--and disgust!

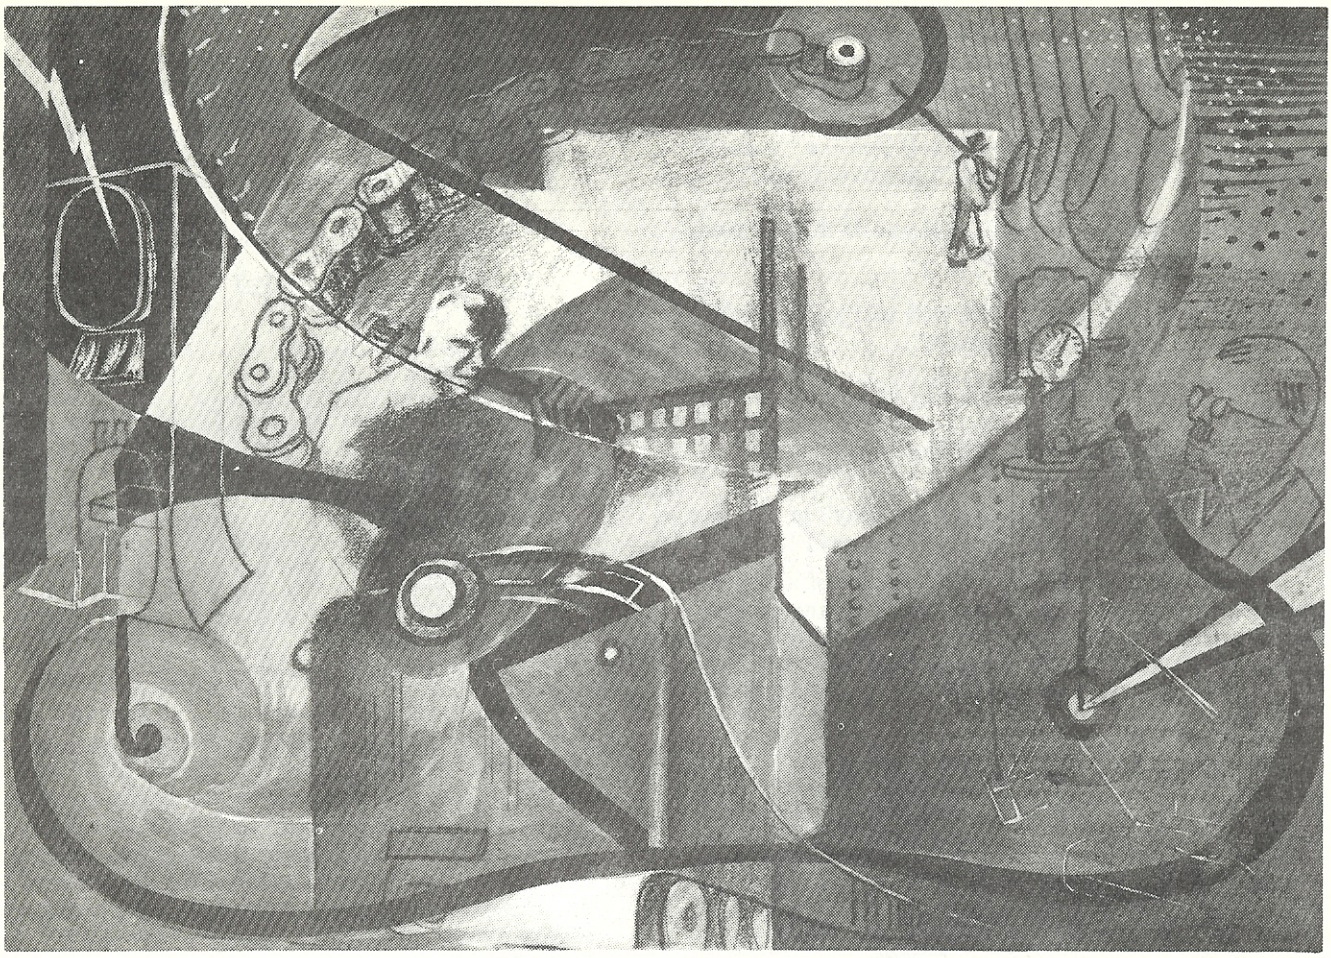
The other day, after the IRS raid on our HQ, I was going through some of my personal effects which had been stored in the attic, and I came across this monstrosity of "modern art" by Rockwell.

I couldn't resist sharing it with our loyal readers and supporters--so here it is, "baby-yellow" and all.

Gaze on this atrocity, gentle reader, and contemplate the unbelievable INSANITY of the times in which we live.

Real art is cursed as corny, while Jewish ugliness and filth is paraded as the ultimate genius.

More importantly, our best men today are cursed as "hatemongers" and "extremists", while



hatemongers and extremists are praised to the skies as great men!

I think the only comment on all this which approaches adequacy is the "baby-yellow" I used in that mad piece of Jew-Communist "art".

Shocking "Coincidence"

Experienced students of the conspiracy will appreciate THIS:

Remember the "Crusader", the deadly directions for nigger riot and murder put out by Robert Williams, the ex-NAACP officer hiding out in Communist Cuba after starting a nigger insurrection in Monroe, North Carolina?

And remember the ROCKWELL REPORT in which we predicted that, sooner or later, it would be discovered that the New England "blackout" was far from the innocent "coincidence" officials tried to pretend. We pointed out that the "Crusader" was full of threats to cause EXACTLY such mass blackouts as actually occurred.

Well now it turns out that there IS a "nigger in the woodpile".

Julian Williams, Billy James Hoggis' research director has come up with a "lulu"!

The "Crusader" is smuggled into the USA via Canada, where it is handled by a Mrs. Anne Olson, 21 Ellis Gardens, Toronto. NOBODY would be able to handle this publication from Communist Cuba without knowing it was communist, and that it details plans for riots and disruption of telephone, telegraph, water and power lines. MRS. Olson is the distributor of this manual for revolution and disruption for all of North America.

It now turns out that MRS. Olson's husband, MR. Olson, ...IS A TRUSTED EMPLOYEE OF THE VERY POWER-STATION IN CANADA WHERE THE FIRST POWER FAILURE HAPPENED!

It is beyond me how so many "conservatives" can stay "nice" and sleep easy while these murderous villains are openly REHEARSING for their bloody mass slaughter within a year or so.

As I have written elsewhere in this issue, there are as many identifications of the "enemy" we face as there are leaders and publications.

The Birch Society will tell you the "enemy" is strictly "communism" and "big government".

The Buckleyites will tell you it is the "liberals" and the "establishment".

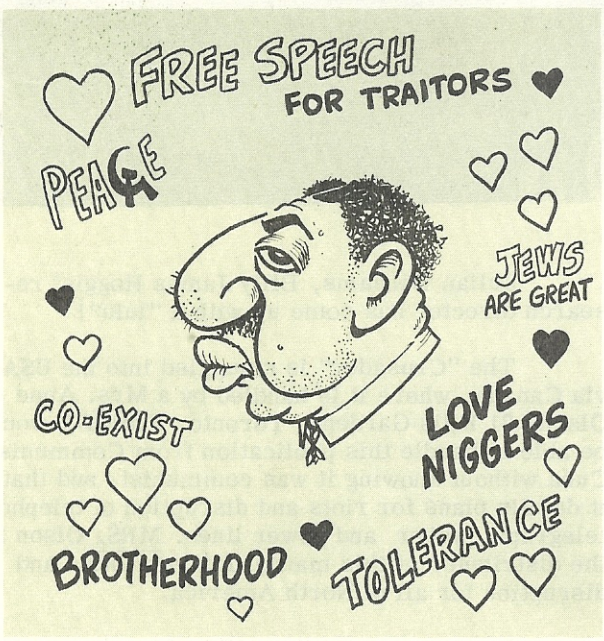
The Arabs and others will tell you it is the "Zionists", and the "capitalists".

The religious zealots will tell you it is the "Devil".

Many Southerners will tell you it is the Federal Government.

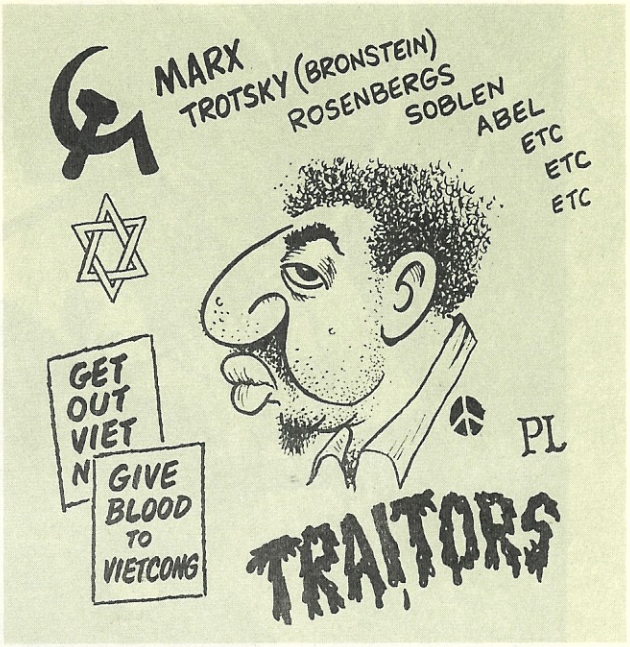
There is even "Western Destiny" to tell you that the "enemy" is the "culture distorter".

For the benefit of the partisans of all these groups, we have undertaken to identify and depict these various people and things. With this handy guide to "THE ENEMY", no matter what they call him, YOU will have no trouble recognizing WHO "he" is:



Here we have the great "Liberal".

He is a charter member of the ADA and the NAACP. He also supports the National Conference of Christians and Jews, as well as the American Association of Mice and Cats. He "despises" Communism, of course, but we mustn't get too "carried away" with this or we might find ourselves on another McCarthyite "witch-hunt". He is a rabid fan of the U. N. and the Supreme Court. He will tell you that the Birch Society and other rabid, right-wing extremists are actually helping the communists by dividing America.



Here we have the Communist Leader.

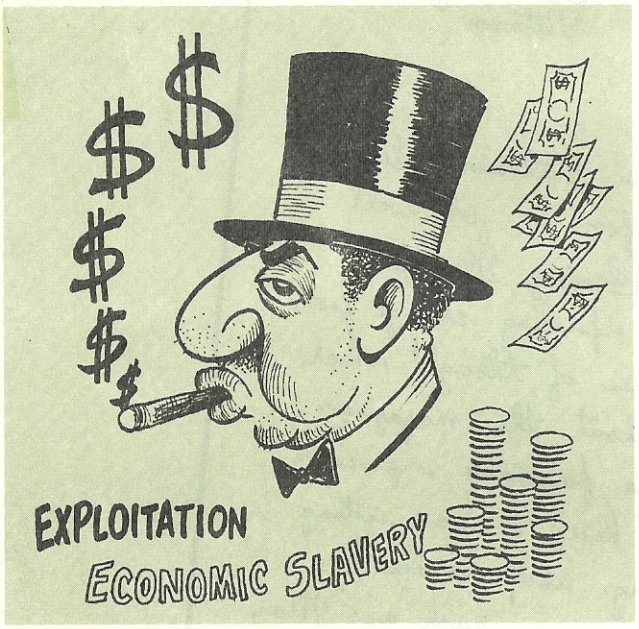
He is 100% "American", so he says, and he proves it by waving Viet Cong flags in favor of "liberation" and "peace". However, when Hitler was stomping the reds, this peace-loving character was screaming for German blood and, in fact, still screams for German blood , more than twenty years after the war. His heroes are Martin Luther King and Harry Golden, although they aren't commies, of course. He considers Lyndon Johnson a "fascist" for not disarming immediately and sending all our weapons to the peace-loving USSR.

Here we have the "culture distorter"

He publishes "art" magazines and books, showing naked men oiled up to look slick, naked nig-

Portrait of the ENEMY!

gers cuddling naked White girls, and he is a devoted patron of "music", especially the kind made by beating on the bones of the latest victim in the cannibal stew-pot while screaming unintelligable African "lyrics" and other "hip" jazz. In the universities, the culture distorter preaches there ain't no such thing as "race", and shows his love of academic freedom by banding together to use all economic means to get anybody who asks too many questions about race fired from any job as a teacher. He is also a book-reviewer, and gives rave notices to anything blasting the White South and preaching the wonders of sexual mixing of the White and Black races. He will tell you that those who oppose this sort of thing are "unAmerican" and are helping Communism by dividing America with hate and Nazi book-burning.



Here we have the Capitalist-Zionist.

He endlessly reminds us that this is the land of capitalism, where everybody has a chance to become a millionaire. But then he has a funny way of getting HIS money. While 99% of Americans have to work for their money, or risk their money to get more, this Zionist manipulator has his stooges in the White House to keep him informed of political developments which will move the stock-market. With this secret Zionist knowledge, he is able to get in ahead of the suckers, like Bernard Baruch, and make millions while others hop out of windows during depressions. He has rigged the tax structure so that those who work are taxed up to 95%, while those who do not produce or work but only speculate in the labor of others, can be taxed only 25% for "capital gains". He then uses his millions to buy up newspapers, magazines, TV networks, etc to teach the suckers how lucky they are that they, too, can "own" a share of America in the stock market. Meanwhile, this Zionist master of capitalism is preparing to take over the wealth of the world, according to ancient Jew prophecy, when the "law comesforth from Jerusalem", as he howls every week in his synagogue. He is very close to success.

Here we have the Devil.

You will recognize his ancient features. For centuries, the features of the Devil have been precisely the same as the money-changers Christ took a whip to drive out of the Temple, and whom you will still find in hock-shops and other palaces of "money-changing". The Devil is an evil cuss, and has the ability to disguise himself as a lot of other people, but he's still the devil. (See Matthew and Luke in the Bible). Today, you will find this same Devil who has divided himself up for more effective work into several million individuals who concentrate in Hollywood, New York City, etc, but they are still the same murderers, liars and sons of the Devil as described by Christ in John, 7 and 8. Most religious people cuss the Devil, but are too chicken to even read WHO Christ said he was and is. Most so-called "Christians" today would join the devil and his gang to avoid charges that they were "anti-semites" before they would stand up for a modern-day Christ who went into a synagogue with a whip, or who even dared IDENTIFY these devilish money-changers...

Letter From A Marine In Viet Nam...

Lots of our good people had a very hard time understanding why I let Playboy print the interview with me the way it was written. There was some foul language and some inanities which cultured and decent people hated, --as I did. But I either put the items in, or left in what Playboy put in, for a reason, --and I am happy to report that our calculations have borne fruit, -delicious fruit.

Here is a letter from a fighting young American in Da Nang, South Vietnam.

Read it, American, and be GLAD, glad that somebody, somehow REACHED these poor, lost, almost abandoned kids! I know what's inside of them out there, surrounded by nigger non-coms and officers, unable to understand what's going on back here with NOBODY daring to say what's in their young hearts.

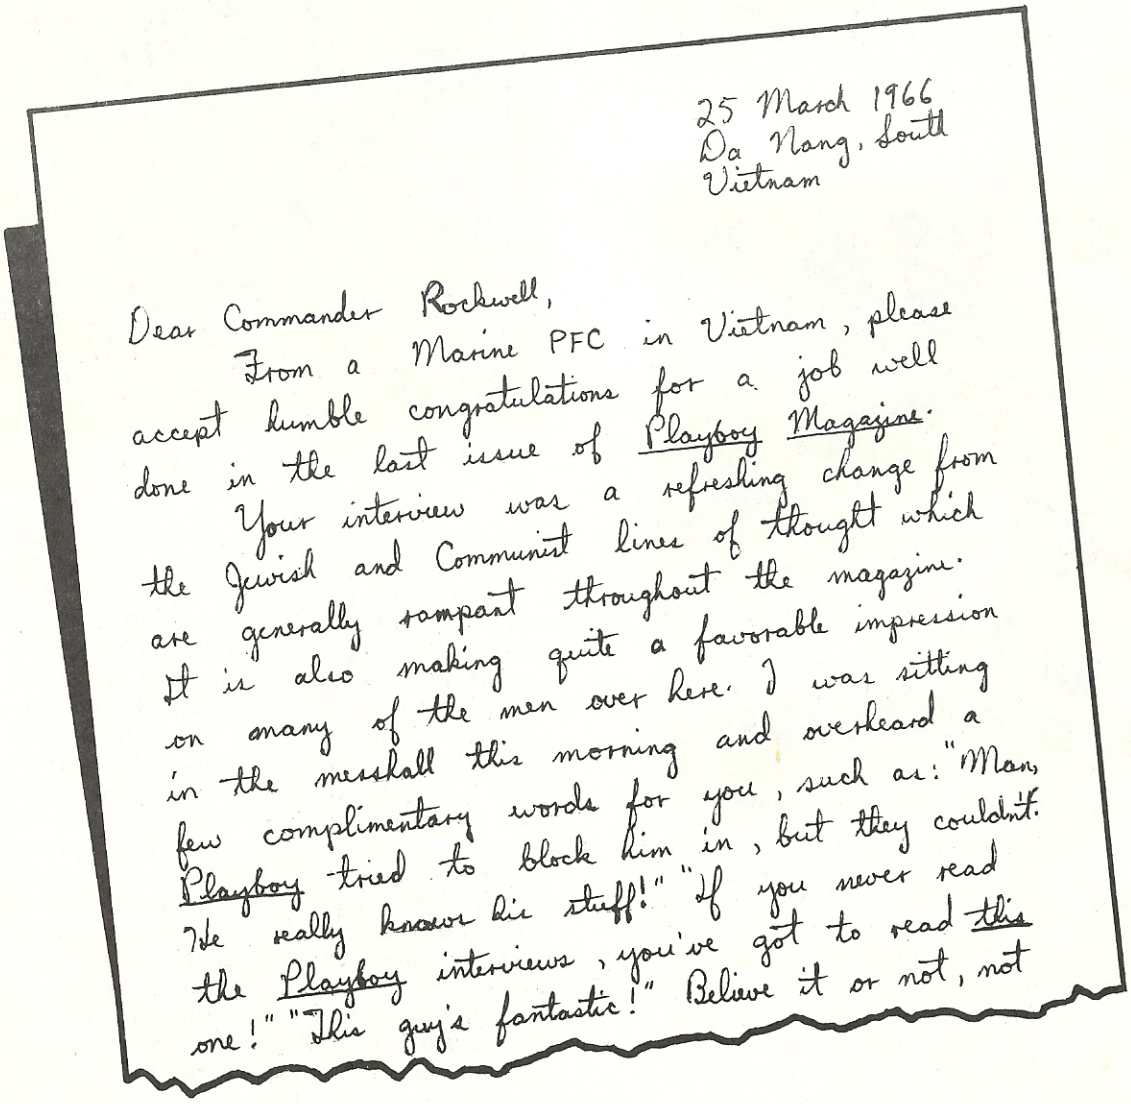
I spoke to them in THEIR language, the language of barracks and fighting young men, and they not only understood, but they FELT what was in my heart for them.

We can't see them, we can't meet them, we can't know how many of them there are, --but we DO know they're THERE, --millions and millions of them.

Without that Playboy Article, most of them would STILL feel alone, helpless and leaderless.

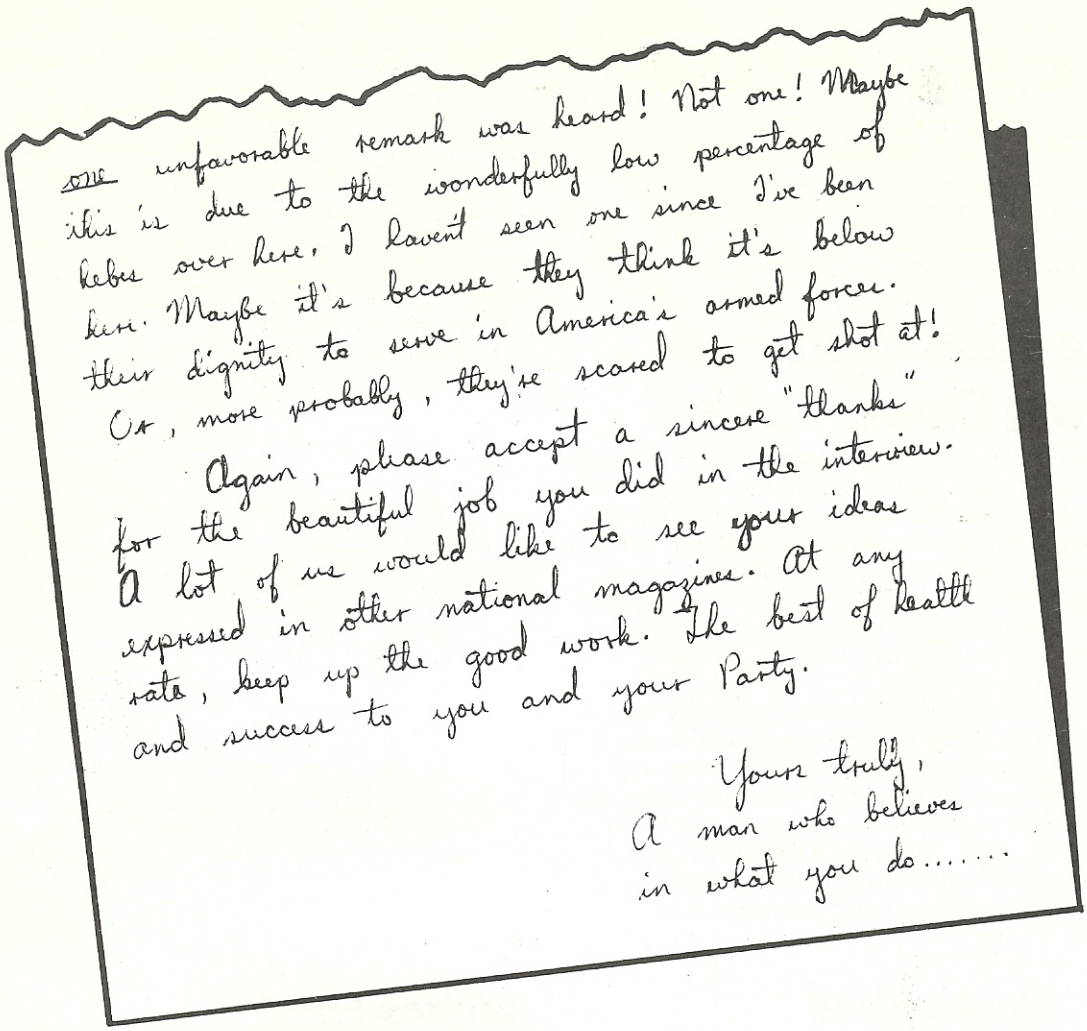
Now they know that somebody understands and CARES what's going on, --more, that somebody is willing to FIGHT, as they are asked to do.

Some day these young Marines and soldiers and sailors and airmen will fill the ranks of the Party to overflowing. Until then, it's our job to keep faith with them, to hang on, and to FIGHT!



25 March 1966
Da Nang, South Vietnam

Dear Commander Rockwell,
From a Marine PFC in Vietnam, please accept humble congratulations for a job well done in the last issue of Playboy Magazine.
Your interview was a refreshing change from the Jewish and Communist lines of thought which are generally rampant throughout the magazine. It is also making quite a favorable impression on many of the men over here. I was sitting in the messhall this morning and overheard a few complimentary words for you, such as: "Man, Playboy tried to block him in, but they couldn't. We really known his stuff!" "If you never read the Playboy interviews, you've got to read this one!" "This guy's fantastic!" Believe it or not, not



one unfavorable remark was heard! Not one! Maybe this is due to the wonderfully low percentage of Rebs over here. I haven't seen one since I've been here. Maybe it's because they think it's below their dignity to serve in America's armed forces. Or, more probably, they're scared to get shot at!

Again, please accept a sincere "thanks" for the beautiful job you did in the interview. A lot of us would like to see your ideas expressed in other national magazines. At any rate, keep up the good work. The best of health and success to you and your Party.

Yours truly,
A man who believes
in what you do.....

Hurray Fer Hillbillies

In recent years, I have become so repelled and disgusted with just about everything around us becoming so damnably Jewish, from music and art to politics and philosphy, that anything NON-Jewish, by simple reversal, has become sort of likable.

One of these likable things is hillbilly music.

I was brought up in an environment which considered this country music as pretty contemptable--crumby "corn" dished up by the "rubes".

But from the time I was a kid, I couldn't help likeing fishermen, workmen, "ordinary", "common" folks a whale of a lot better than most of the slick, New York sophisticates who swarmed around my show-business father. But I was made to feel that this natural preference for natural people was some kind of aberration and I couldn't help trying to "get over it" as I was told I would do.

It took me most of my adult life to realize I would never get over loving fishermen and workmen and natural people--and despising fakers--especially the snotty "sophisticates"--and why.

Since I have learned the staggering facts about the Jews and the Jew spirit of gaudy fraud and Hollywood "glamour", I have learned a new respect for the people I have always loved--and their music.

Country music is DESPISED by Jews--with a passion. There are almost no Jews in it. I suppose these Hebrew culture-distorting bacteria have crept in here and there, for the buck, but I know of none right now.

On the other hand, "hillbilly" music is clean, "corny" (old-fashioned American) patriotic and MUSICAL.

About the only bad thing I can find about country music is the picture of misery and "cheatin'" it always presents. Almost every song is from a man to a woman or vice versa, in which the opposite sex done been cheatin' and a-breaking the heart of the innocent singer. Makes me wonder how come there are any hillbillies born, the way the music carries on.

Nevertheless, hillbilly music, somewhat commercialized and as it has become, is about the last refuge in which you will find a tiny vestige of old-fashioned American flavor.

Twenty-three-skidoo, Oh-you-kid, and Hurray fer the hillbillies!

And to hell with them there Jews.

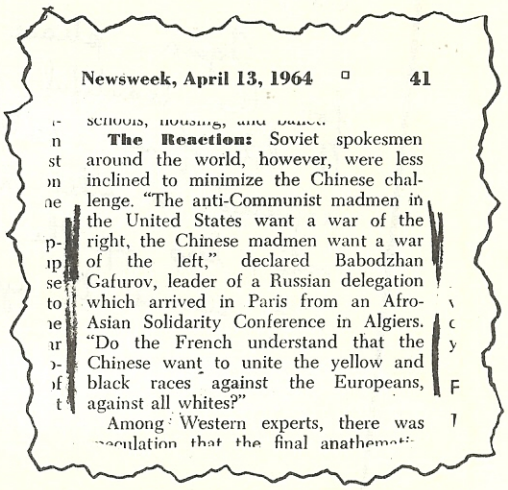
Russian Whites Driven Closer To Us!

I have taken a lot of garbage from short-sighted right-wingers who fail to see the immensity of the racial issue and think this is simply a battle against COMMUNISM, -especially when I have predicted that, sooner or later, the Russian "communists", being WHITE, would be driven over to our side in the battle of color-vs.White,race-war which will be the ultimate Armegeddon on this planet.

Most of the phony "divisions" on the Commie side, such as with Tito, have been transparently fake, but the split with Red China is far from any fake. It is caused by the gradual transmutation of the Chinese Reds from satelites of Moscow, all "hung up" on Marxism, into fanatical COLORED NATIONALISTS who seek to unite the colored world against the White Man, whom they call "colonialists".

Long ago, the White Men in Moscow began to see and fear this development which U. S. Conservatives are still too blind to understand, but every day there are more and more signs that naked warfare between the yellow and black hordes of Africa and Asia against ALL White men, without regard to such niceties as "communism", "Capitalism" or "Russian", is almost upon us.

Way back in April, 1964, TWO YEARS AGO, the Soviet spokesman in Paris came right out with it and warned the White world of the colored threat. Here, from Newsweek, are his exact words:



Newsweek, April 13, 1964 □ 41

The Reaction: Soviet spokesmen around the world, however, were less inclined to minimize the Chinese challenge. "The anti-Communist madmen in the United States want a war of the right, the Chinese madmen want a war of the left," declared Babodzhan Gafurov, leader of a Russian delegation which arrived in Paris from an Afro-Asian Solidarity Conference in Algiers. "Do the French understand that the Chinese want to unite the yellow and black races against the Europeans, against all whites?"

THE WORKER,

Crime Is Disappearing in the USSR – Where One Felony Is 'Too Many'

By SAMUEL A. NEUBURGER

DURING A FIVE week visit in the Soviet Union, I learned that Moscow, a city with a population of some 6,500,000, has a police force of 1,000. In marked contrast, N.Y. City with 8,500,000 has a force of some 27,000.

In one calendar year N.Y. City reported some 250,000 crimes with more than 100,000 felonies. Moscow authorities estimated that there were some 15,000 crimes committed including felonies and misdemeanors, for the same period.

Attempting to rationalize the vast disparity, I spoke to criminal lawyers, judges of the criminal courts, and to officials of the Institute of Cause and Pre- ...me. The members

fluence of alcohol and mostly death is unintentional. Rarely does the "criminal" carry an instrument of crime, such as a gun or knife.

THE WRITER commented that 15,000 crimes in a city with a population of 6,500,000 were indeed few and that they could be proud of so small a crime rate. The response was quite to the contrary. They saw no reason for any crime in their society and were convinced that soon substantially all crime would be eliminated.

FROM MY OBSERVATION of a prosecution for murder in a Moscow Court the "criminal," not the "crime" is on trial in the Soviet Union. While the Investigative System permits the defendant to be held incommunicado for up to 60 days during the investigation

Commies & Crime

Here's an article from the Communist "Worker" which surpasses, for pure nerve, anything I've ever seen, even in that rotten red rag.

The headline boasts that they don't have any crime in their beloved USSR, where everything is just GREAT!

Meanwhile, they berate this "lousy" America they hate so much as a jungle full of crime, --and at the same time, they scream their heads off about "police brutality".

If a crook is held more than a few MINUTES before being taken to a magistrate and a lawyer, the commies howl to the heavens about the outrage. The Jew lawyers and our Supreme Court have decreed that our harried police can't hold a man for interrogation at ALL.

The result is that, with the cop's hands tied, crime is epidemic in America, BECAUSE of the red agitation against the police departments, and because of the impossible rules which won't let police interrogate a suspect with any real chance of getting a confession.

Now, with all that as background, just READ the way these slimy cruds applaud the Soviet Union for the way THEY handle criminals.

Over there, they hold a crook for "60 days incommunicado", as they proudly boast.

Give American police THAT kind of power, and there won't be a crook in operation in a week.

I'm not FOR such incommunicado jailing of suspects, of course; but the way the reds rage about "police brutality" and make life impossible for our relatively gentle and handcuffed cops, while they hold up the tyrants in the Kremlin and their "60-days incommunicado" for the highest praise is sickening!

Jew Arrogance

For those who doubt the unbelievable ARROGANCE of the Jews in their own magazines and papers, because they know our people won't bother to read them, here is a piece of Jewish brass almost beyond belief.

In the "Jewish World", Harry Golden actually has the gall to write that THE JEWS "HAVE THE

MONEY AND KNOW-HOW TO BECOME CUSTODIANS OF THE CHRISTIAN ETHIC!!!!"

They have!

For those who might not be able to believe they are so brassy as to "come out with it" like that in print, --here's the photostat of the section:

Dr. Miriam Beard of Princeton in her brilliant study of anti-Semitism and the economic welfare of the Gentile world points out that, ". . . the slightest alteration for the better in German conditions brought immediate sobering of minds; in the brief upswing following the signing of the Locarno Pact, the Nazi Party shrank at once, leaving a nucleus hardly larger than its original formation . . ."

The voting during the life of the Weimar Republic shows clearly that anti-Semitism was indissolubly connected with economic tides, as well as with economic groups.

The low state of anti-Semitism in the United States today is due to the high condition of our economy. But there is yet another factor which is rather new in the history of this phenomenon. It is the fantastic mobility of the American culture. Traditionally anti-Semitism represented the hatred of the agrarian-warrior class against the rootless "hustlers" — brokers, salesmen, agents and businessmen, the people without roots in the soil but rather everlastingly on the move. Well, all America is on the move now and this has caused anti-Semitism to recede.

All the anti-Semitic writers of the 19th century expressed hatred of the Jew—because the Jew, they said, gave birth to the middle-class. And they were international bankers. William Houston Chamberlain and Brooks Adams said it in almost the same words, the Jew helped destroy the world of priests, knights, peasants, and artisans by the invention of capitalism.

We have mobility and urbanization going for us in the United States, in addition to law and a tradition of freedom. It is true that we have no control over the man who becomes an anti-Semite because his teeth hurt, but mobility, urbanization, and prosperity will continue to render that anti-Semite ineffectual, if we continue to pray daily for the success and happiness of the Gentile world. Let us pray that the Gentiles continue to accumulate wealth, that their children grow up with straight legs and good minds. The prosperity and good health of the Gentile majority is the best security for the Jewish community.

The UCLA Survey reports certain expressions from people whom they questioned. They report as "favorable" these opinions: "The Jews now eat ham like the rest of us;" "Things are better, the young Jews are more like us;" and that's why I am no longer an anti-Semite, and may God help us, I say.

I have noticed that Jewish audiences do not like it when I tell them that our success has been based on the fact of our "alienism."

Eventually when we will all look like Davy Crockett, the chances are that a future UCLA report will show that anti-Semitism has almost completely disappeared. Well, the hell with it! Our strength is based on what Zebulon Vance said, that we are like the Gulf Stream, a river that runs through the Atlantic Ocean, but maintains its own integrity, it does not merge with the surrounding waters.

The "outsider" has always had an intellectual vitality far beyond that of the surrounding society. The reason is not because he is better than the native. The reason is that the "outsider" *must make good*. He knows that he must be twice as good to get half as much. He knows that despite his accent and everything else that's different about him, a stethescope in his ear could help him into the open society. It is this which gives him the drive.

When you become comfortable in your environment, accepted, you tend to relax. The South has had no immigration to speak of; it has been a single homogeneous society based also on racial segregation, and so its biggest export, next to cotton, during the past century, has been its brains.

I've learned some things in the last 25 years. I've learned something that the Talmud and the Greeks enunciated quite clearly; that *when you fight for others you build a wall of security around yourself.*

I would like to see the ADL continue to grow into one of the greatest defenders of civil rights in the Western world. When that happens the chalk-mark on the sidewalk or even a crackpot's swastika on a synagogue would become a huge joke. A huge joke because we have the money and the know-how to become custodians of the Christian ethic, defenders of Judaic-Christian principles. I believe that wherever a man is in trouble, a Mexican wetback, a textile worker, a Negro, a Puerto Rican, or anyone else anywhere in the United States of America, and if our experts ascertain that a principle of civil rights is involved, a *Jewish* lawyer should be on the spot within 24 hours.

This is my hope, my hope not only for America but quite selfishly, my hope for the continued safety and security of our people.

SPECIAL NOTICE!

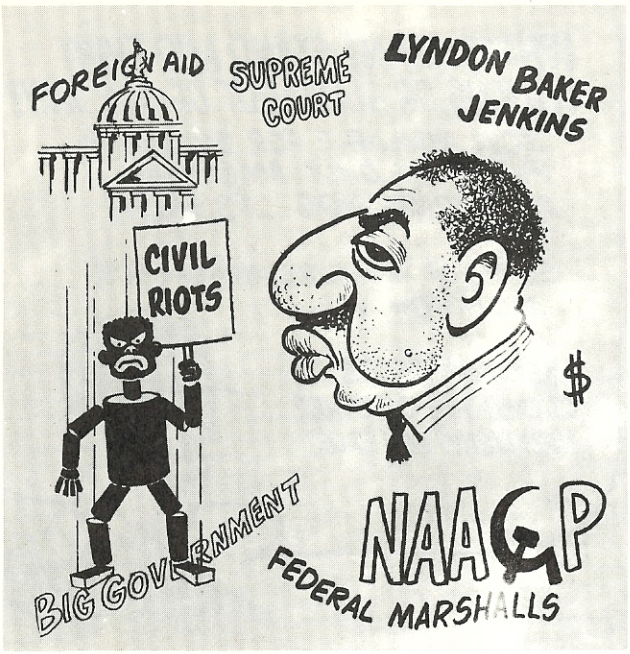
While I was speaking at Rice University in Houston last month, somebody stole out of my hotel room my entire collection of Rockwell Reports from October 1964 to October 1965. I need these reports very urgently for documentation in speeches and TV and radio appearances. If any reader would be willing to let me have this last year's issues for these purposes, I would be most grateful.

Bits of Bigotry

The JEWISH CHRONICLE in London reports that a nigger robber in one of the "emerging" nigger nations of Africa was recently grabbed as he marched into a shop in broad daylight and starting scooping jewelry into a bag without even bothering to wave a gun at the shop keeper or look out for police. At the police station, this "equal" was asked why he didn't even try to avoid detection or use a gun or knife like the other nigger robbers.

"Ah paid mah witch doctor fo a charm against arrest", the cannibal explained. "Ah is immune to being arrested."

Continued from P.9



Here we have the "Big-Government" Federal Official of the Birch Society and the "States' Righters".

You will find him in masses in the "Justice" department, where he is busy arranging "equality" for a bunch of niggers, which God Himself was unable to arrange, and kicking the beans out of anybody who dares suggest "equality" might not be an actual fact. You will find him escorting black half-apes, who can't read, write, or tell you where the capital of the United States is, to the voting booths, where he will also help the monkeys, chimps and baboons to mark an "X" for Lyndon or Bobby or who ever will promise the most gravy for the jigs, which is then eagerly lapped up by these greedy "Federal Officials" and his ilk. This Federal Official will call out the Army, Navy, Air Force and the H-bomb to get a nigger in a Southern school, but he never even notices when ten thousand niggers rape, rob and murder people in northern cities, every day and night of the week.

Now that we've identified these "enemies" for you, whatever you do, DON'T MENTION ANY RESEMBLANCE YOU MIGHT HAVE NOTICED.

They'll never let you in the Birch Society if you do. Even the Citizen's Councils might raise an eyebrow if you mention that there is something vaguely familiar about all these rats. If you want to play in the yards of the "NICE" people, kiddies, you got to pretend you don't notice that the "enemy" they will tell you about always seems to have the same big, long, watermellon nose, the same lizard, droopy eye-lids, the same purple liver-lips, the same yellow skin and the same "I-smell-sh--eep" expression on their devilish faces.
